

Course Extension Policy

A student may request a two-week extension no later than the end date of the course, if he/she will not be able to successfully complete all course requirements on time. Extensions are reviewed and approved or denied at the professor's discretion. Extensions may be granted in cases where the student has made acceptable progress in the course but has experienced an extenuating circumstance that will prohibit successful completion of the course on the scheduled end date. Acceptable progress is defined as:

- the student has actively participated in course activities up to the point of the extenuating circumstance
- the student is current with all assignment submissions
- the student has earned a grade of at least 76% for the work up to that point

Extensions are not granted for lack of participation or failure to submit work on time by the student. Documentation of the extenuating circumstance will be required for every course extension request.

Extensions are limited to a maximum of two-weeks, one extension per course. The student is responsible for contacting the course professor to request the extension and provide documentation to validate the reason for the extension request by the course's scheduled end date. Professors will not ask for specific documents. It is the responsibility of the student to provide documentation that a reasonable person would consider sufficient to explain the reason for the extension request. However, faculty can request follow-up information related to the completeness and validity of documentation for the extenuating circumstance. The professor reserves the right to approve an extension or not, based on the student's effort in the course.
