## Satisfactory Academic Progress Policy

Revised – Mar 25, 2026

Degree programs at Acacia University do not allow students to work at their own pace. Students are expected to keep up with the posted course schedule of lessons and assignments. Course activities and assignments are graded on a weekly basis by professors/Learning Coaches. Rubrics are used for scoring all formative assignments and assessments. Other assignments and assessments are electronically scored with immediate feedback. Students can access their grades for assigned lesson material, discussions, assignments, and assessments for each lesson at any time during the course.

Faculty and program advisors monitor the progress of each student. If the student does not make satisfactory academic progress during a course (falls behind in assignments, has unsatisfactory attendance, or lacks course participation), the professor/Learning Coach contacts the student to schedule an individual conference to assess needs.

If a student maintains a 3.0 GPA or higher, it is assumed that there is satisfactory academic progress. Should the GPA fall below 3.0, the Student Services Support Director will contact the students to schedule a conference. While Acacia University understands that students may have extenuating circumstances (e.g. medical emergencies) during a term, documentation may need to be provided and will be placed in the student record.

When the GPA is below 3.0 the student is placed on academic probation following that term and a note will be placed on the student record. The student will receive a warning that the GPA must be raised during the next two terms. Academic probation is permissible for only two terms, after which, the student will be dismissed from the university.

### Master's Degree Programs

D and F grades are not acceptable in the master's program. Two C grades are acceptable if a GPA of 3.0 is maintained. If the GPA falls below 3.0, the student is placed on academic probation, and the retake of a course must occur prior to registering for a new course.

Each course can be retaken only once. Retake courses are subject to the normal master's tuition rate. Note: retake courses will be indicated with an "(R)" on transcripts.

Satisfactory academic progress in the master's program is monitored by faculty program advisors, who meet with advisees two times each academic year to discuss the pace of courses, grades, and academic progress.

Online participation, effort, and timeliness are reviewed and discussed with each student. Program goals and outcomes are reviewed and discussed so that the program advisor can determine student progress in the program. Notes of insufficiencies are recorded in the comments section of the student's records.

Program advisors indicate areas of support needed and regularly check the transcript to monitor GPA. If a student maintains a 3.0 GPA or higher and has not expressed academic concerns, it is assumed that there is satisfactory academic progress.

Academic probation will not exceed two sessions. If, during the following two sessions, the student's grade average is still unsatisfactory, the student will be promptly notified by the Dean of the recommendation for academic dismissal. At that time, the student may appeal by submitting a letter of grievance to the Student Support Services Director, who will convene an independent hearing to determine the status of SAP.

### Quantitative Criteria

Students must earn at least a 3.0 GPA to meet program requirements. If two or more courses are taken simultaneously, no more than one course can receive a grade lower than a C. A GPA lower than a 3.0 will automatically initiate probationary status and require course retake. Students will maintain a program GPA of 3.0 (grade of B) or higher on a 4.0 grade scale.

### Qualitative Criteria

Each course has a qualitative component based on timeliness, professionalism, progress, and effort based on a Participation and Effort Rubric that contributes 10% to their final course grade. Satisfactory progress (good standing) is maintained when master's students earn a program GPA of 3.0 (grade of B) or higher on a 4.0 grade scale. Students who do not maintain a 3.0 GPA will be placed on academic probation the following session and be required to repeat the course.

### Doctoral Degree Programs

C, D, and F grades are not acceptable in the Doctoral programs of the University. If a grade of C or lower is earned, the course must be retaken the next time it is offered and completed with a grade of B or higher. A retake of a course must occur prior to registering for a new course.

If two C or lower grades are earned, the student is placed on academic probation, and both courses must be retaken with satisfactory grades earned before registering for another course in the program of study.

If a third grade of C or lower is earned in any future doctoral course (even if two prior courses are retaken and higher grades are earned), the student will be ineligible to continue in the doctoral program and will be officially dismissed for unsatisfactory academic progress.

Each course can be retaken only once. If a grade of B or higher is not achieved upon completion of a retake, the student will be officially dismissed for unsatisfactory academic progress. Retake courses are subject to the normal doctoral tuition rate. Retaken courses are indicated with an "(R)" on transcripts.

Satisfactory academic progress in the doctoral program is monitored by faculty program advisors, who meet with advisees two times each academic year to discuss the pace of courses, grades, and academic progress.
